## II. Description of experiences and selection of a practice:

*Please answer the following questions. Use the necessary space.*

### What is a practice?

We understand a practice to be a process, strategy or activity of an organization or a group of organizations to achieve social change. A practice may vary from an agricultural technique or an educational method to more complex processes like international coalition building. Its scope may be limited, but it may also correspond to entire projects or programs.

1. ¿Which are the principal fields of expertise of your organization? (E.g., social development, human rights, budget monitoring, sexual and reproductive rights, etc)

social development, human rights, sexual and reproductive rights

2. ¿Which are the main strategies used in your organization? (E.g., education, research, campaigning, advocacy, lobbying, satisfaction of specific demands, etc.)

education and advocacy as a mass media

3. Among the activities and experiences of your organization, please chose one you consider relevant to be transmitted to the other participants. The practice selected should be a specific action, plan, intervention or process in one of the four topics that will be explored in the workshop (ESCR, Budget analysis, monitoring, and advocacy). And you should be able to divide it into the following elements:

a. Summary of the practice (no more than 5 lines, please).

ESCR, we're give Social information, truth about the violence from all provinces in Cambodia. the group established as a networks and supported academics and students affiliated with various academic institutions to co-work with community leaders to find alternative solutions to the problems by our program. New generation academics have been encouraged to choose their study topics that will improve the tension and reduce conflicting parties' distrust and desire to use violence. Exchanges of knowledge and experiences among relevant agencies and individuals have also been conducted to analyze the information and disseminate to the wider society to provide social space to find facts about the people in provinces or our listeners.

b. Motivation: Situation or problem that the practice aimed to resolve.

by TV and Radio Program
